Election/Restrictions

Applicant's election with traverse of claims 7-14 in the reply filed on 09/22/04 is acknowledged. The traversal is on the ground(s) that the claims are close enough that no extra burden is involved in searching. This is not found persuasive because of the reasons cited in the original election/restriction requirement.

The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

Claims 7-14 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest a vibrating beam which extends from a base, where the base has a cut portion and the beam has a groove with an electrode enclosed in a housing. The closest prior art is the applicants' own and does not have a date which could render it prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

This application is in condition for allowance except for the following formal matters:

Cancellation of the non-elected claims 1-6 and 15, is required for the case to issue.

Art Unit: 2834

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
